Communication and Teamwork Skills

Objective

.NET Intern seeking an opportunity to apply knowledge gained from university projects in ASP.NET Core and SQL Server. Built multiple full-stack web applications as academic and capstone projects using MVC architecture, authentication, and common backend features. Aiming to gain real-world industry experience, strengthen practical development skills, and contribute effectively to a professional software development team.

Skills

Technical Skills

C#,C/C++,Java, RESTful API, JavaScript, HTML, CSS, SQL Server, Git, GitHub

Soft Skills

Communication, Teamwork, Problem-solving

Personal Project

Full-stack Developer (ASP.NET Core MVC)

Sep 2025 - Dec 2025

Driver License Training & Management System

- **Designed & developed** ASP.NET Core 9.0 MVC to build a full-stack driver license training, examination, and driving center management system.
- **Built** online theory exams and traffic simulation modules with automatic scoring, result persistence, and performance tracking.
- **Integrated** VNPay, MoMo, and PayPal to enable online payments for courses and vehicle rentals, including invoice and QR code processing.
- **Applied** SignalR and OpenAI SDK to implement real-time chat and AI chatbot features for learner support.
- **GitHub repository:** <https://github.com/haihttt974/dacn-dtgplx>

Full-stack Developer (ASP.NET Core MVC)

June 10, 2025 - June 18, 2025

Gym Management Web Application

- **Membership and package management:** create, update, renew packages, and track expiration dates for members.
- **Account system & role-based access control:** user registration, login, and management for Admin, Staff, Trainer, and Member roles.
- **Online payments:** integration with PayPal and VNPAY for package registration and unpaid package management.
- **Notifications & chatbot:** admins send announcements to users; AI chatbot assists members with package information.
- **GitHub repository:** <https://github.com/haihttt974/courseproject-ltweb-gym>

Education

Information Technology

2022 - Present

Ho Chi Minh City University of Technology (HUTECH)

GPA: 3.39/4.00
